

8th MaNEP Winter School, January 13–18 2019 in Saas-Fee

	Sunday 13th	Monday 14th	Tuesday 15th	Wednesday 16th	Thursday 17th	Friday 18th
08:00	Arrival	Breakfast				
09:00–10:30		Topological excitations and emergent fields <i>A. Rosch</i>	Ski / skating / ... Outdoor activities	Unconventional superconductivity <i>D. van der Marel & M. Sigrist</i>	Ski / skating / ... Outdoor activities	Symmetry-protected topological phases <i>T. Giamarchi</i>
10:30–11:00		Coffee break		Coffee break		Coffee break
11:00–12:30		Topological phases <i>S. Simon</i>		Topological excitations and emergent fields <i>A. Rosch</i>		Electron spectroscopy <i>A. Tamai</i>
12:30		Lunch		Lunch		Lunch
14:30–16:00		Strain and symmetry breaking <i>B. Ramshaw</i>		Scaling in quantum critical transport <i>J. Schmalian</i>		Unconventional superconductivity <i>M. Sigrist</i>
16:00–16:30		Coffee break				
16:30–18:00	Electron hydrodynamics <i>A. Mackenzie</i>	Unconventional superconductivity <i>D. van der Marel</i>	Scaling in quantum critical transport <i>J. Schmalian</i>	Topological excitations and emergent fields <i>A. Rosch</i>		
18:00–19:00	Free time					
19:00	Dinner	Dinner	Special dinner	Dinner	Banquet
